AISF & EPA PIW REDUCTION GRANTS

The EPA are offering grants in order to decrease prescribed industrial waste. Currently they are focusing on chrome acid waste from chrome platers in particular. If you think that you might be eligible for a grant or want some help reducing your chrome waste and environment impact please contact the AISF

Please find PDF attachments.

FREE ADVERTISING FOR OUR CUSTOMERS

We are now offering the free service of a webpage link on our customers page of our website, along with a brief description of services offered. This link will increase search engines ability to find your site and gives potential customers another place to find you.

For any interest in this offer please contact email your webpage link and a brief description of your company's services to mitch@auschem.com.au
